Dear Grant, Sauda, Peter, Simphorosa, Harun & all the Golden
Pride Children,

Thank you so much for coming to Festival Melbourne 2006 as part
of the Melbourne 2006 Commonwealth Games.

Your outstanding contribution to this wide-ranging international
program and your efforts in making the journey to Melbourne are
truly appreciated. We hope that you were able to enjoy your
performances and that you were able to experience and enjoy
performances of other artists in the program.

We all fell madly in love with the children and their spirit, talent and
energy, as did the whole of Melbourne. We have great admiration
for the efforts you all went to, to make the trip to Australia and hope
it was all worthwhile. Your music was wonderful and your presence
in the festival encapsulated much of what the whole event was
about.

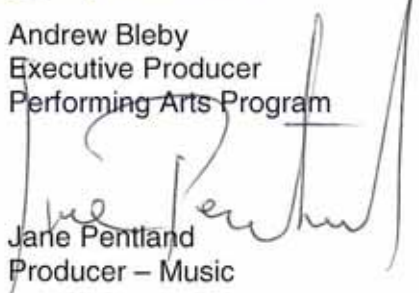

Festival Melbourne 2006 has received extraordinary praise from
many different quarters – Governments (Federal, State and Local),
Media, the general public, arts administrators and Commonwealth
Games management – we share with you the congratulations

The legacy of the program is already evident and we are sure that
wonderful moments will be in our memories forever

Thank you once again for your contribution.
